Luigi Carl Brezuela

IT Student | Full-Stack Developer in Training

luigi.brezuela@sorsu.edu.ph | Bulan, Sorsogon, Philippines | github.com/LuigiCarl

PROFILE

BS Information Technology student and full-stack developer in training with project experience building web and mobile applications using React, React Native, Laravel, and REST APIs. Comfortable planning application flows, integrating frontend and backend features, and using AI-assisted tools to accelerate development. Currently strengthening programming, API development, database, and debugging fundamentals through hands-on projects.

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript, Tailwind CSS

Mobile: React Native, Expo

Backend: PHP, Laravel, REST API Development

Data and Tools: SQL, Git, GitHub, VS Code, Vercel, AWS EC2

SELECTED PROJECTS

Labada Build

Capstone | Mobile

Laundry service and delivery management platform supporting customer, shop owner, rider, and administrator workflows, including authentication, order tracking, live rider updates, and order-scoped chat.

Technologies: React Native, Expo, TypeScript, PHP, Laravel, Sanctum, Reverb

FinanEase Live | API | Frontend | Backend Repo

Full-Stack Web

Personal finance application for tracking income, expenses, budgets, and transactions through responsive dashboards backed by a Laravel REST API.

Technologies: React, TypeScript, Tailwind CSS, Recharts, PHP, Laravel, Sanctum, SQL

GIMATA Live

Web Application

Fisheries data visualization application that turns survey records into interactive maps, seasonal catch dashboards, species profiles, and ecology summaries.

Technologies: React, TypeScript, Tailwind CSS, Leaflet, Recharts, Zustand, Vite, PWA

UNLABEL Live | GitHub

Interactive Web

Educational website exploring gender stereotypes through visual storytelling, quizzes, data visualizations, reflection activities, legal-information resources, and a pledge generator.

Technologies: Next.js, React, TypeScript, Tailwind CSS, Three.js, GSAP, Motion

EDUCATION

Bachelor of Science in Information Technology — **Expected 2027**

Sorsogon State University - Bulan Campus
