Luigi Carl Brezuela

IT Student | Full-Stack Developer in Training

luigi.brezuela@sorsu.edu.ph | portfolio.luigicarl.tech | github.com/LuigiCarl | linkedin.com/in/luigi-carl-brezuela-317825445

PROFILE

BS Information Technology student at Sorsogon State University – Bulan Campus with practical project experience developing web and mobile applications. Familiar with React, React Native, TypeScript, Laravel, and REST APIs through academic coursework and personal projects. Eager to learn from experienced engineers, receive code reviews, and strengthen software engineering fundamentals as a software development intern.

TECHNICAL SKILLS & TOOLS

Languages	TypeScript, JavaScript, PHP, SQL
Frontend & Mobile	React, Next.js, React Native, Expo, Tailwind CSS
Backend & APIs	Laravel, PHP, REST API Development, Sanctum, Reverb, Auth.js
Databases & ORM	MySQL, PostgreSQL (Neon), Drizzle ORM
Tools & Platforms	Git, GitHub, VS Code, Vercel, AWS EC2

SELECTED PROJECTS

Labada | Capstone Mobile Application

Built a laundry service and delivery platform supporting customer, shop owner, rider, and administrator workflows, with authentication, order tracking, live rider updates, and order-scoped chat.

Technologies: React Native, Expo, TypeScript, PHP, Laravel, Sanctum, Reverb

DevStash | Full-Stack Web Application

Built a responsive developer resource management platform for bookmarking, categorizing, and filtering technical links with guest preview access and authenticated private libraries.

Technologies: Next.js, React, TypeScript, Tailwind CSS, Drizzle ORM, Neon Postgres, Auth.js

FinanEase | Full-Stack Web Application

Developed a personal finance application for income, expense, budget, and transaction management through responsive dashboards backed by a Laravel REST API.

Technologies: React, TypeScript, Tailwind CSS, Recharts, PHP, Laravel, Sanctum, SQL

GIMATA | Web Application / PWA

Created a fisheries data visualization application with interactive maps, seasonal catch dashboards, species profiles, and ecology summaries from survey records.

Technologies: React, TypeScript, Tailwind CSS, Leaflet, Recharts, Zustand, Vite, PWA

UNLABEL | Interactive Educational Website

Built an interactive educational website using visual storytelling, quizzes, data visualizations, reflection activities, legal-information resources, and a pledge generator.

Technologies: Next.js, React, TypeScript, Tailwind CSS, Three.js, GSAP, Motion

EDUCATION

Bachelor of Science in Information Technology | Sorsogon State University – Bulan Campus | Expected 2027
